Who Owns America?

The railroad companies own 211,000,000 acres, or enough to make six states as large as Iowa. The Vanderbilts own 2,000,000 acres; Mr. Disston, of Pennsylvania, owns over 4,000,000; the Standard Oil company 1,000,000; and Murphy, of California, an area equal to Massachusetts. The Schonley estate ows lands from which the heirs have received annually $1,000,000; 21,000,000 are owned by foreigners, who owe no allegiance to our government, and are no friends to a republic. What will our children own?—a right to pay rent.—National Populist.

Reign of Terror.

Guthrie, Ok., Oct. 19.—An investigation of the murder of the Miller family, who were killed in the southern part of Payne county the first of the week, shows that a band of a dozen masked men from the Creek nation appeared at the home of David Miller and shot down Mr Miller and wife and wounded their 16 year-old son so badly that he has since died. So complete is the reign of terror in that section that not a single physician from any of the neighboring towns could be induced to attend the dying boy for fear of their lives. On the Miller farm is a little graveyard where seven graves are filled with the victims of assassins, all members of the Miller family, two being women and two little children.

The Dallas fair will be open Sundays.

Miss Annie White, a young Dallas lady of excellent character, died on the 17th inst, of a broken heart, caused by her lover failing to appear at the appointed time for their wedding. According to her dying wish a brass band discoursed music at her funeral.

Mullins-Boyd.

There was a quiet wedding this afternoon at the home of Mr. and Mrs. S. J. Boyd, the contracting parties being their accomplished daughter, Miss Eula, and Will Mullins, Jr., of Nocona, Texas. None but the immediate friends of the bride and groom were present.

Immediately after the performance of the ceremony by Rev. Volney Johnson the happy couple took the south bound train for Texas, their future home, followed by the best wishes of a large circle of friends.

The bride is one of Ardmore's most popular young ladies, having grown to beautiful womanhood in this city. She was a universal favorite and loved for her many noble traits of character. Her absence from the social circle in which she moved will cause many regrets, but their poignancy will find solace in the fact that in her new departure she has added to her own happiness.

Mr. Mullins, the groom, is a model young man in every way worthy the prize he has won, the only thing against him being that he comes from abroad to snatch so fair a rose and transplant it to other fields.

Mr. and Mrs. Mullins have the most hearty congratulations of The Ardmorite, its wish being that they may be accorded a long and happy life.—The Ardmorite.

Circus Day.

Last Thursday Barnum & Bailly's circus exhibited in McKinney and to say they all came would hardly express it. Wednesday evening before, campers dotted the roads leading into town with their covered wagons and campfires and ere old Sol had shown his countenance above the eastern horizon next morning the denizens were swarming our streets. Our merchants, ever on the alert to accommodate all customers, and visitors to our city, anticipated the immense crowd by early throwing the doors of their various business establishments open and extending a hearty welcome to the brawn and muscle gathered from many miles around to enjoy a day of recreation and sight seeing.

The day was an ideal one for the occasion. The sun shone brightly and the weather was most pleasant. The parade which was generally conceded to have been the most gorgeous ever witnessed in McKinney, formed about 11 o'clock and made a circuit of the principal streets, even to the delight of the staid old fathers whose frequent bursts of interest at some strange sight revealed their true pleasure at having to come "just to bring the children." Two performances were given, one in the afternoon and one at night. It was estimated that 10,000 people attended in the afternoon.

This circus is abundantly supplied with fine horses. The herd of twenty elephants, the widowed goriila, the giraffe and ethnological congress of many strange, barbarous and savage specimens of mankind were attractions not frequently seen with a single circus. Pickpockets were also present and got in their nefarious work to the sorrow of many unsuspecting victims, notwithstanding the city police force and corps of sheriff's deputies had been greatly augmented in anticipation of these scoundrels. Among the victims of whom we learned were R. T. Quisenberry, of Foncine, who lost his pocket book and $14 in money on the east side of the square. John P. Hunter, of Altoga had his pocket rifled of purse and about $80 in cash in the presence of his wife. Tise Miller, of Melissa, lost $40 in money and $300 in notes, and a Mr. Shelton of Anna, was relieved of $175 in cold cash within a very few minutes after drawing the same from one of our banks.

The officers succeeded in making only one arrest and he was a "walnut hull" and "rubber ball" fiakir who was arrested by Deputy John Campbell and is now recuperating in Collin's bastile. The show management seemed utterly powerless to rid themselves of these frauds and thieves who continually haunt them. Aside from these few unfortunate persons whose pockets were "touched" the day was one of pleasure to all and McKinney still further clinched her title to a circus town.

His Happy Thought.—Many years ago in Central Main a man started out to sell oilcloth table covers throughout the country at 50 cents a cover. After tramping all day without selling one, a happy thought struck him. He would charge a dollar and take half the pay in cast-off shoes. The result was, people imagined they were getting some return for their old shoes, and there was a general ransacking of attics, and table covers went like hot cakes. But the old shoes? Well, whenever he found a convenient hole beside the road, out of sight, he pulled up his cart and dumped the lot.

Nuts to Crack.

Here are some of the blessings and glories we have obtain under the gold standard:

1. An increase of $165,000,000 in our permanent interest bearing debt.
2. A decrease equal to $117,000,000 in the per capita circulation of money.
3. A net loss of $120,000,000 gold in the last twenty months.
4. The placing of the United States treasury under the protection of a foreign syndicate.—Memphis Commercial Appeal.

THE BEST OF ALL

IN ALL THINGS AT ALL TIMES.

There are many GOOD life insurance companies, but among them all there must be one BEST. THE BEST is THE EQUITABLE. If you wish to know why, send for: 1, the report of the Superintendent of Insurance for the State of New York on the examination of The Equitable; 2, for actual results of maturing policies; 3, for statement of death claims paid in 1894. Then you will know the three great reasons of The Equitable's supremacy: 1st, its financial stability; 2d, its great profits and advantages to living policy-holders; 3d, the promptness of its payments and liberality of its settlements.

THE BIG FIRE!

M'KINNEY AGAIN VISITED BY THE FIRE FIEND,

AND MANY THOUSANDS OF DOLLARS' WORTH OF PROPERTY DESTROYED.

A LUMBER YARD BURNED.

Could Have Been Worse, but the Heroic and Effective Work of McKinney's Gallant Fire Company Prevents Further Loss.

From the McKinney Gazette.

Another disastrous fire visited McKinney last night, and this morning a territory composed of several blocks is a mass of blazing, smoking and smouldering ruins. The fire originated in the kitchen of the old Kentucky house, owned by J. M. Wilcox and occupied by Mrs. Cheek as a boarding house. It was discovered about 1 o'clock a. m., and in an incredibly short time the entire building was ablaze. The flames spread to Rogers & Stiff's stable on the east. This building was owned by Mrs. A. L. Jones. By this time the Wilcox lumber yard on the west had caught. The wind had got up and was fanning the flames into a perfect fury so much so that the fire company could do practically nothing to check it. Two dwellings, one belonging to Rich Rambo occupied by Mrs. Commins, and the other to Gid Dowling and occupied by R. N. Stivens, on the south of the yard, were burned. This was as far south as the fire went, but for a time it looked like all the south part of the city might go, and had the wind not veered to the west it would have no doubt burned a number of other residences southeast of the square. The wind changing saved the dwellings, but blew the flames with a whoop directly west towards Dowell, Field & Love's machinery house, which was soon destroyed. Some of the machinery and buggies were saved. Upper part of the house was occupied by J. P. Crouch & Co., as a furniture ware room, and all this was burned with the exception of a bed room suit or two. The fire was checked here by the brick walls of Houston's and J. P. Dowell's buildings, but not until a great deal of damage was done to each. The Houston stock of dry goods was fairly gutted. The Democrat office occupied the upper story of this building. It was terribly damaged by water and the removal of type, machinery, stock and fixtures, and by water.

It took heroic work to save McKinney Bros.' livery stable, and for a time everything on this corner of the square was given up. We went to work in the GAZETTE office and moved out some of our things. This accounts for us being late. In fact, we were thoroughly of the opinion that we would not get to visit you again until we came out with a new outfit. The flames are now, at 4:15 o'clock, burning so brightly and so close that this is being written by their light.

By the hardest kind of work the livery stable of McKinney Bros. was saved. If this had caught, it is almost certain the brick block occupied by Melton, the Arcade, Kendall, Rhoden and the Lazy Neck Saloon, would have gone up the flume. In this emergency, we would have been along with the procession.

It is impossible to give a correct account of the losses this week, but the following is an approximation:

Wilcox & Son, loss on Kentucky House and lumber yard, $30,000. Insurance not yet known. They are the heaviest losers.

Dowell, Field & Love, $8,000; insured for $4,500.

Hyder Crouch, loss on building, $6,000; insurance, $3,000.

J. P. Crouch & Co., loss on furniture stored in this building, $5,000; insurance, $1,500.

Rogers & Stiff, livery stable, $800. No insurance. The company had canceled their insurance about a week ago.

Mrs. Cheek, loss on furniture and other household goods, $800; insured for $500.

Houston & Co., loss not yet known. Building, fixtures and goods insured for $3,000.

J. P. Dowell damaged by removal of goods about $1,000. Insured.

Democrat printing office was torn all to pieces. Loss about $2,000 on machinery, etc. Insured for $700.

GAZETTE printing office damaged $50 by moving material. Insured.

Walker heirs, loss on old house about $400.

Mrs. A. L. Jones, loss on livery stable and residence about $1200. No insurance.

Richmond Rambo, loss on dwelling house about $700. Insured for $300.

Gid Dowlen, loss on house, $400.

John Johnson, loss on camp house and stalls in wagon yard, about $400.

Every one is ready to praise the fire boys this morning. They certainly did noble work, and had it not been for them with their equipments, there is no telling where the fire would have stopped. A lucky change in the wind and the fire boys is all that saved this block.

WHAT THE FIRE DEMONSTRATES.

That McKinney needs waterworks.

That our fire boys are the champions.

That there is getting to be entirely too many fires in McKinney.

That it pays to keep up your insurance.

That we must have waterworks.

That Jim Dowell's building is a mascot when it comes to checking fires.

That the bucket brigade can do and does lots of valuable work.

That the Kid Fire company is always at the fire and don't you forget it.

That the city council will have to invest in some new hose for the fire department.

R. N. Stivens, on household goods, about $50.

Mrs. Commons, loss on household goods, about $100.

Mr. George Wilcox requests us to state that they will go right to work to resume business, and will have an immense stock of lumber on the market just as quick as it can be hauled from the mills.

BOLD ROBBERS.

About 9 o'clock last night one of the boldest and most daring robberies ever committed in Collin county took place at Vineland seven miles west of McKinney. At about the above named hour James Smith, who runs a store at that place, was arranging to close up. His doors were closed and locked and he was counting some money when two men appeared at the door and rapped vigorously for admittance. In answer to the inquiry of Mr. Smith "who is there" came the words Sheriff Moulden, to which Mr. Smith replied "that won't do." The robbers very cunningly began joking each other whereupon Mr. Smith thinking the knockers were neighboring boys joking him opened the door and was instantly looking down two bright barrels of fearful looking revolvers in the hands of two masked men. They demanded money and lost no time in searching the duped proprietor who was relieved of somewhere between $30 and $40. After searching their prisoner the bandits marched him a few yards off down the road, let him go and disappeared. Mr. Smith had some money in a coat pocket which luckily escaped detection, and he had just paid out some more money in McKinney yesterday which was also very fortunate as it would have probably still further added to the robber's booty. Mr. Smith immediately came to town and reported the robbery to Capt. Brady at the jail and Deputy Sheriffs Coffey and Campbell and constables Horn and Caldwell took the blood hounds to the scene of the crime. As yet the bold scoundrels have not been apprehended but the officers think they will soon have them in the clutches of the law

Good For Kirkpatrick.

McKinney Gazette.

Collin county has a good friend and representative at the great State Fair now in progress at Dallas. We refer to Mr. E. W. Kirkpatrick, the veteran nurseryman of this city. In looking over the lists of awards in the horticultural department the GAZETTE reporter observed that Mr. Kirkpatrick had won the blue ribbon on the following:

Best plate of apples, any variety; best plate of crab apples; best plate of Keifer pears; best pears, any variety; best plate figs; best plate quinces; best plate Japanese persimmons; best collection of apples; best collection peaches; best collection pears; best collection of fruit any exhibitor, of his own growing.

Prof. James Clayton of the agricultural and mechanical college was the expert judge in the fruit department.

The prosperity of the world rests on the world's farmers' shoulders. Agriculture is the basis on which commerce, education and every public institution are builded. Suppose the farmers should unite and declare that they wouldn't plant anything for the next five years, what would happen? The solar system would be in a pretty bad fix.

HEART DISEASE, like many other ailments when they have taken hold of the system, never gets better of its own accord, but ***Constantly grows worse.*** There are thousands who know they have a defective heart, but will not admit the fact. They don't want their friends to worry, and ***Don't know what to take for it,*** as they have been told time and again that heart disease was incurable. Such was the case of Mr. Silas Farley of Dyesville, Ohio who writes June 19, 1894, as follows:

"I had heart disease for 23 years, my heart hurting me almost continually. The first 15 years I doctored all the time, trying several physicians and remedies, until my last doctor told me it was only a question of time as I could not be cured. I gradually grew worse, very weak, and completely discouraged, until I lived, propped half up in bed, because I ***couldn't lie down*** nor sit up. Thinking my time had come I told my family what I wanted done when I was gone. But on the first day of March on the recommendation of Mrs. Fannie Jones, of Anderson, Ind., I commenced taking ***Dr. Miles' New Cure for the Heart*** and wonderful to tell, in ten days I was working at light work and on March 19 commenced framing a barn, which is heavy work, and I have'nt lost a day since. I am 56 years old, 6 ft. 4½ inches and weigh 250lbs. ***I believe I am fully cured,*** and I am now only anxious that everyone shall know of your wonderful remedies."

Dyesville, Ohio. SILAS FARLEY.

Dr. Miles Heart Cure is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at $1. 6 bottles for $5 or it will be sent, prepaid on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

The sidewalks on Virginia and Louisiana streets leading to the depot are in very bad repair. After dark especially pedestrians prefer walking in the dusty streets to risking a fall and probable injury on the loose, broken and misplaced planks of the delapidated walks. Child Lost!

"Something in the doleful strain
Makes the dullest listener start,
And a sympathetic pain
Shoot to every feeling heart."

The above lines of another, conjured up by the sight of a real lost child, involuntarily chased each other through a Democrat reporter's brain in rapid succession Tuesday evening.

The evening shades had begun their silent fall and the lone footman was wending homeward his weary steps, when lo! Cries of distress came floating on the sighing breezes. Casting his eyes about him to discover from whence came the piteous wail, a pathetic sight caught his vision—one that made him halt, briefly, contemplate, then act.

A flaxen haired waif of scarce three summers, barefoot and ill kept tresses, peered wistfully through his motley fingers with great brown eyes, while betwen sobs, in unspoken language, it besought the reporter to find its mama. The little tot had wandered more than two blocks from its parents, who were strangers in the city. The mother's joy was great when her lost babe was found.

"Here is gold and silver—see!
Take it all and welcome, man,"

Cried the father, all of which, once in life, the startled quill manipulator declined with thanks, at the same time muttering in undertone, elaborate congratulations to himself at finally being rid of his ward.

Chamberlain's Cough Remedy is famous for its cures of bad colds. It opens the secretions, relieves the lungs and aids nature in restoring the system to a healthy condition. If freely used as soon as the cold has been contracted and before it has become settled in the system, it greatly lessens the severity of the attack and has often cured in a single day what would have been a severe cold. For sale at the City Drug Store.

Now is the time for chapped hands and lips, for a remedy go to Smith Bros. The leading Druggists.

When in McKinney bring your families to W. D. Goostree's grocery store and see his large stock.

Do you want to sell your old, buy new, or swap your old furniture for new? Be sure and see J. H. Sneed.

Some time ago Mr. Simon Goldham of San Luis Rey, Cal., was troubled with a lame back and rheumatism. He used Chamberlain's Pain Balm and a prompt cure was effected. He says he has since advised many of his friends to try it and all who have done so have spoken highly of it. It is for sale at the City Drug Store.

Did you see that newly married couple that looked so pleasing at the show! That was because they had bought their entire housekeeping outfit of J. H. Sneed so cheap. Moral. Go thou and do likewise.

The Mount Lebanon Shakers recently performed a great deed of charity, although it was not designed as a charity, being nothing more nor less than an advertising scheme. It however resulted in great good just the same. They gave away 1,000 bottles of their Digestive Cordial to those suffering from stomach derangements.

It was so effective in curing those who used the remedy that they were loud in their praises of it and in consequence a large demand for the Cordial was at once created.

The druggists of this town have little books that tell all about it. Digestive Cordial creates an appetite, aids digestion and brings about a rapid increase in flesh and strength.

LAXOL is the name of a palatable Castor Oil. Just the thing for children.

For new and second hand furniture J. H. Sneed beats them all.

Chamberlain's Eye and Skin Ointment
Is unequalled for Eczema, Tetter, Salt-Rheum, Scald Head, Sore Nipples, Chapped Hands, Itching Piles, Burns, Frost Bites, Chronic Sore Eyes and Granulated Eye Lids. For sale by druggists at 25 cents per box.

For putting a horse in a fine healthy condition try Dr. Cady's Condition Powders. They tone up the system, aid digestion, cure loss of appetite, relieve constipation, correct kidney disorders and destroy worms, giving new life to an old or over-worked horse. 25 cents per package. For sale by druggists.

Local Institutes.

In order to more thoroughly organize the teachers of Collin county Supt. Shepherd has, in addition to the county institutes which still meet as usual on the last Friday and Saturday of each month, divided the county into six sections with a local institute to each section and appointed conductors for tee same. Following are the divisions with their respective instructors: Weston, C. J. Moore; Rock Hill, W. M Erwin; Plano, J. R. Hendrix; Nevada, J. L. Honnold; Farmersville, H. G. Reed; Blue Ridge, C. F. Trotter. Each of these conductors ranks among the most successful in the profession of pedagogy in the county and will strive to carry out Supt. Shepherd's plans in instituting the plan of local organization.

Cheapness doesn't mean merely little money—it means value for your money We don't advertise cheapness because that doesn't express the facts about the BUCKSKIN BREECHES. We tell you that they are better in every way than the so-called cheap goods—then we say they don't cost any more. If common goods are cheap, what about good pants at the same price?

Deafness cannot Be Cured.

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

An Old Soldier's Recommendation.

In the late war I was a soldier in the First Maryland Volunteers, Company G. During my term of service I contracted chronic diarrhœa. Since then I have use a great amount of medicine, but when I found any that would give me relief it would injure my stomach, until Chamberlain's Colic, Cholera and Diarrhœa Remeny was brought to my notice. I used it and will say it is the only remedy that gave me permanent relief and no bad results follow I take pleasure in recomending this preparation to all my old comrades, who, while giving their services to their country, contracted this dreadful disease as I did, from eating unwholesome and uncooked food. ABOUT DELTA COUNTY.—EVERYBODY READ THIS.

For three years there has been a class of third-rate newspapers, lawyers and cheap John politicians who delight to malign, traduce and bear false witness against the character and good name of my (Delta) county. Even some of her citizens, blinded by party jealousy and stinging under defeat have so far forgotten their duty to their neighbor and the good name of their county abroad as to testify falsely on every occasion demanded by their party, against their own and their country's interests. Every wild and imaginary scheme known to and conceivable by the fertile brain of the average doctor and lawyer was conjured up, given wings and started abroad as the evolution of the populists of Delta county.

Our first set of county officers instead of receiving the assistance of all classes of good citizens in their efforts to carry out and enforce the law received assistance from only that portion of our citizens as agreed with them politically, while their political enemies, instead of desiring the best result from their (?) bad bargain; instead of lending aid or counsel were at times an absolute hindrance in the execution of the law and seemingly delighted to make trouble or defeat for the officer a part of their study. These prejudices have in a measure disappeared. Our county for the past year has been freed from the blighting influence of such political tale-bearers. We were congratulating ourselves on this fact. When the populists took hold of this county they found it under a bonded debt of $18,000 with a floating debt of some $2,000. They inherited along with this debt a monthly expenditure of not less than $500; a road and bridge system badly out of repair, with blank books and stationery non est; a county jail almost ready to fall down; with bills innumerable unpaid, and to meet these exigencies and carry on the county's business they received the sum of $134.60 in cash cool treatment and no assistance from their predecessors. This was alright. They don't complain.

The populists have been in control of the county three years. Every just and legitimate demand has been paid. They have increased the material wealth of the county at least $5,000. Their system of roads and bridges compares favorably with their sister (democratic) counties, although a network of creeks between her two boundaries (the Sulphurs) makes it impossible to levy tax enough to keep them up. Our public buildings are repaired and in a good state or preservation. Our bonded debt has not increased. Our financial condition is declared to be better than some of our neighbor counties by democratic financiers.

We are now charged in the public prints of the country with whitecapping and killing inoffensive negroes, and our peace officers will not attempt to run down and bring to justice the offenders. That our county is in almost a state of terror and peacable democrats and darkies are not only in abject fear of their lives but feel insecure in their property. We do not desire to answer such gross, wilful and malicious misrepresentations because of the harm it would do our party in the county or state, but simply in justice to the good people of our county of all political beliefs, and on account of the good citizens who would come among us and help subdue our virgin soil to the hand of the husbandman, and who would add to our material and social wealth. To such a one we would say: Come right along, white or black, populist, democrat or republican. The sanctity of your home and creed can be just as religiously observed in Delta county as anywhere on earth. our school houses, white and black, on all sides are open from three to nine months in the year. Your religious proclivities can be exercised in any manner desired. Our criminal records are as clear as those of any county in Texas. We are at this writing (Aug. 28, 1895) building white and black school and church houses in the county. We are intensely political but at all times fair and tolerant. Lawlessness and crime stand as poor a show here as anywhere in the Lone Star State. Our people are progressive, independent, but firm in their demands, and while claiming the attention of the public, demand nothing but justice and fair treatment at its hands.

As for the populists here, they glory in persecution. Knowing that it brings sure vengeance on the heads of the persecutors. Witness Hopkins carried by populists last election after having persecuted Delta to her heart's content. Delta will yet be the lump to leaven the whole loaf.

There are not now, and has never been but one time, (July 30, 1895) any white cays in Delta county.

White caps have never killed or hurt a negro in this county.

There is not a property ownig democrat in Delta county who feels unsafe or insecure in person or property.

Peacable, law-abiding citizens are just as safe and secure from intimidation or force and will be protected by our officers just as quickly as in any county in Texas.

The only disturbance now going on in Delta county is in the befudled minds of a few newspaper correspondents and the imagination of a few cross roads editors.

Whenever they "run out of soap" and have to send in a good "string" for to-morrow's paper, they simply set down and write up something about Delta county.

This letter is sent to the Reform Press of the state and also to those who heretofore have proven themselves as willing to tell the truth as a falsehood. And to the party in the state we only have one word to say, which is this: Keep in the middle of the road and when the time comes, little Delta is always able to take care of herself, and set the pace for the more pretentious communities.

With the hope that our forces may be able in November, '96 to safely land our captain in Austin, and sound the key note of a newer and higher civilization in Texas, I am Yours Fraternally,

Office of J. F. Greer, County Judge, Green Cove Springs, Clay Co., Fla.
Gentlemen:—Twenty-three years ago I was attacked with inflammatory rheumatism; I was attended by the most eminent physician in the land; I visited the great Saratoga Springs, N. Y., and the noted Hot Springs of Arkansas, and many other watering places and always consulting the local physician for directions; finally came to Florida ten years ago. About two year ago I had a severe attack of rheumatism, was confined to my room for 12 weeks and during the time I was induced to try P. P. P. (Prickly Ash, Poke Root and Potassium) knowing that each ingredient was good for impurities of the blood, after using two small bottles I was relieved; at four different times since I have had slight attacks, and I have each time taken two small bottles of P. P. P. and been relieved and I consider it the best medicine of its kind. Respectfully,
J. F. GREER.

Populists, Attention!

Allen, Tex., Oct. 14, 1895.

Brother Populists:—Remember Saturday, Nov. 2, is the time of our next central club meeting, at 1 o'clock, at THE DEMOCRAT office in McKinney. The members of the campaign fund committee should collect all the funds they can by that time and be present at that meeting to turn the same over to the secretay, treasurer or send it in, with their report, some time prior to the above date.

In communities where no committeemen have been appointed let some one voluntarily raise what funds they can. If committeemen miss you send your contributions right along or bring them with you to the central meeting Nov. 2.

Surely no true populist in Collim county will fail to contribute his mite toward the great victory which we can win next year by a vigorous campaign. Brethren, I know whereof I speak when I say if we lose in Collin county in '96it will be because of our lack of interest.

If we go in with a determination to win the gates of hades and the rottenness of the democratic party shall not prevail against us.

E. FORBES, Pres.

COMMITTEEMEN APPOINTED.

I hereby appoint the following persons as committeemen to solicit pledges for a campaign fund as per the following action of the Central club:

Resolved, 1. That a committee of one or more members from each school district in the county be appointed by the chairman of the central populist club for the purpose of securing subscriptions for the county campaign fund for the campaign of 1896.

Resolved, 2. That said subscriptions be paid on or before the first day of November, 1895.

Resolved, 3. That said committeemen receive no subscriptions less than one dollar, but may raceive and credit less amounts in cash.

Resolved, 4. That said commit teemen hold said subscription papers, collect, receipt and forward same as soon as practicable to Walter B. Wilson, secretary central populist club of Collin county.

Resolved, 5. That the secretary receipt for all funds received and make to the finance committee of the central club a suitable bond for the faithful discharge of the duties of his office.

Let committeemen go to work and send notice from time to time to the county secretary in regard to the progress being made.

Communities where no one has been appointed will please send name of some person who is a good rustler and I will appoint same.

E. C. FORBES, Ch'mn.

ROYAL Baking Powder.
Highest of all in leavening strength.—U. S. Government Report.

COME BACK.

To the Grand Old Democratic Party Says J. W. Bailey at Honey Grove.

Honey Grove, Texas, Sept. 15 1895.—Hon. J. W. Bailey spoke here on the night of the 12th inst.

After he had abused the gold bugs for about an hour he turned his wind mill loose on the populists, and abused and ridiculed them for about twenty minutes when all of a sudden he begged the populists to come back to their father's house, and to the grand old party.

Let me join Mr. Bailey in in begging you to come back to the grand old party of perfidy and dishonor. Yes, come back to the party of tariff reform that never did reform. Come back to the party that has the greatest number of salary grabbers whose motto is "grab ber salary." Yes, populists, come back to this mass of indescribable political villiany. Come back and be bitten by this Clopatrian asp and end your miserable existence.

Come back to this party of injunction by the gun, clubs, sticks and stones. Can I persuade you to come? Come back to the assassin whose knife is still dripping with the blood of slain bimetalism. Come back to the mass of scarlutic gangrened flesh, a hedious picture of some loathsome disease.

Come back to this chameleon that can change its color as often as the voter changes his mind.

Come back to the party that creates a vacuum that it may be filled with United States bonds.

Come back to the grand old ship and be safely landed on republican shores where you can rest under the John Sherman fig tree and eat the gold standard fruit, and drink from the invigorating fountain of McKinley tariff water.

Populists, do come back. The bride and groom say come. John Sherman says come. Cleveland says come. Rothschilds says come. Drexel, Morgan & Co. say come. Even Hoke Smith declares it would be the best thing you could do. Carlisle begs you to come back for the sake of England. Queen Victoria insists that you come back to the party that has done so much for her.

After all this weeping, wailing and gnashing of teeth, will you stay in the despised populist party? My brother stop and think about the wierd, visionary doctrine taught by these contortionists. Think of the horrors of free coinage. Think of the baneful effect on society of 15 cent cotton. Think of the deplorable condition of the landlords of this country when the three thousand renters own homes. Think! O! think, my brother, of this fool idea of cheap transportation. What do you suppose would become of the ignorant, tallow faced farmer when he can ride on a first class reclining chair car at one cent per mile like the stuck-up hay seed of Germany enjoys to-day? Think of the humiliation you would heap up on our English landlords if this populist alien ownership of land was prohibited.

If this miserable rot was chrystalized into law our dear good landlords in five years could not rent one foot of their land, because every son-of-a-gun would own his own home.

And again, I ask you to think of the danger of trying men by a competent jury, thereby depriving our judges of their constitutional rights.

How long do you think our government would stand when the 4,000 props (banks) are taken from it and our government undertakes the dangerous and criminal experiment of issuing the money?

Come back, come back my fellow brother to the grand old democratic party. Come back to this dead mummy that is embalmed in its own slime. Come back to this stream whose source is in the mountain of deceit, which empties its waters in the gulf of despair. Come back to this golgotha where lie the bleaching carcasses of ten thousand business institutions. Yes, come back to its grand old dandies, dudes and demagogues, damnable, dangerous, drinkers. Ductile, dying, dumpish, duplicity, dwarfish.

Dead, damned and delivered.

Populist Fair Day.

Fort Worth, Tex., Oct. 18—Hon. H. S. P. Ashby, chairman of the people's party state executive committee of Texas, to-day sends in the following address from his home at Smithfield, in this county.

To the populists of Texas, greeting: The Texas State Fair and Dallas Exposition management have set apart the 31st day of October as populist day at the fair. In behalf of the people's party I accept the proposition and earnestly urge upon the populists throughout the state to assemble at Callas on that day and make it a red letter day for populism in Texas. I know times are hard and populists are not millionaires and many of them are very busy, but take one day off and let us show such an appreciation of the invitation that will forever lay to rest that old stereotyped remark "populism is dying."

Among the noted speakers of national and state reputation who will be present will be United States Senator Stewart, Judge T. L. Nugent, Jerome C. Kearby, "Buck" Walton, Hon. C. H. Jenkins and Col. James Hindman. Let us all be on the fair grounds promptly at 10 o'clock.

The reform press of the state will please copy this notice and make a special appeal to their locality to be well represented at this great gathering of the people.

H. S. P. ASHBY,
Chairman Peoples Party of Texas

The coming event in populist circles here at present is the state committee meeting booked for Friday, Oct. 26. Advices from members of the committee and reform press editors generally over the state indicate that the atttendance will be large. After this date comes populist day, Oct. 31 at the Dallas Fair.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of Chas. H. Fletcher. is on every wrapper.
